
Title: Cranus 4-24-2013

Author: Nerisella Lasani

Cranus:

"It has been a very long
Time mortals, although it
Warms me to be near
you once more."

Warms:

"I miss conversation, the
Waters can be cold and
lonely without the sun."

Waters:

"The primordial waters,
the deep, the Tehom."

Tehom:

"The name for the
nameless, there are those
that call Void the
beginning, they are wrong."

Void:

"Oblivion and Void are
words for the nameless
like Tehom, but their
realities are far
different."

Oblivion:

"The false Path leads us
only to woe."

Path:

"And so your path has
lead you here, to me. you
seek Trullio? Or do you
seek what he seeks?"

Trullio:

"His concern for my
safety is wholly uncalled
for. Everything Dies in
its time, we are none
spared."

Dies:

"The wheel turns, the sun
sets, the waters cool.
But there is always a
Dawn."

Dawn:

"The dawn can be both
great and terrible to one
as Tired as I."

Tired:

"So many aeons watched

and observed, yet I am
alone. Set Apart.
Timeless."

Apart:

"I am not one of you. I
could never be. Jealousy
would eventually turn to
against me and may still."

Jealousy:

"I am your friend, your
Guardian. But I am
infinite, you are finite.
Our ways are so
different."

Guardian:

"I am the first, I observe
time and assure it
forever marches forward.
It is my role."

Role:

"But what role do you
play in this? You will
each have to decide."

Decide:

"If your friend Trullio is
Correct, I will miss you.
Deeply. But do not mourn
me."

Correct:

"Convinced he is that the
Crux Ansata will cause
me to fall, and that my
doom will Unmake
Sosaria."

Unmake:

"I doubt such a thing is
possible. He said he would
bring me proof and asked
me to Flee."

Proof:

"He made his way into
the place you call Ankh
Dungeon, the dangerous
Xorinite are there."

Flee:

"I shall not, my place is
here."

Xorinite:

"Indeed. Be Wary. They
have not forgotten you."
